

Town of Pine Grove  
Wastewater Collection & Treatment Improvements

Project Location: Pine Grove, WV

Engineer: Swiss Valley Associates, Inc.

Estimate: \$2,036,745.00

Project Description:

- Replace a portion of the vacuum collection system with gravity sewers & lift stations.
- Convert the existing 82,000 gpd Sequencing Batch Reactor to an Extended Aeration treatment plant. Some of the existing infrastructure will be incorporated into the design of the renovated treatment plant. A flow equalization tank and two rectangular clarifiers will be added.
